

01 / BRAND ARCHITECTURE, LOGO SYSTEM & HERITAGE

One bird. One bay. Two ways to stay.

Papua Diving Resorts welcomes divers to Raja Ampat, West Papua. The master brand carries a heritage bird glyph drawn from Southwest Papuan bark-cloth painting, rendered in Papua Brown. Sorido Bay Resort and Kri Eco Resort sit beneath it as endorsed sub-brands, each with its own voice and colour weighting.

Heritage
Bird glyph drawn from Southwest Papuan bark-cloth painting.

Place
Reef, jetty and rainforest are the primary imagery.

People
Local Papuan hospitality leads every story.

The official master logo is supplied artwork and is never redrawn, recoloured or re-typeset.

SOURCE OF THE BIRD GLYPH

Southwest Papuan bark-cloth paintings (employer-supplied).

LOGO SYSTEM · CLEAR SPACE

1× Bird Height on every side

1× = height of the bird glyph (about 32% of total logo height). Keep this margin clear of text, photo edges, borders and other logos.

Only the Natural Linen holding shape may sit inside the clear zone.

LOGO SYSTEM · MINIMUM SIZE

32 mm print / 120 px digital

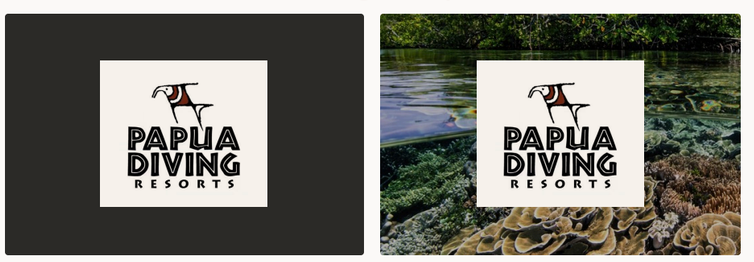

Digital — **120 px** wide

Print — **32 mm** wide

Below these sizes the RESORTS line closes up. Use the bird glyph alone only where the master logo cannot reach minimum size, and only with approval.

LOGO SYSTEM · DARK BACKGROUNDS

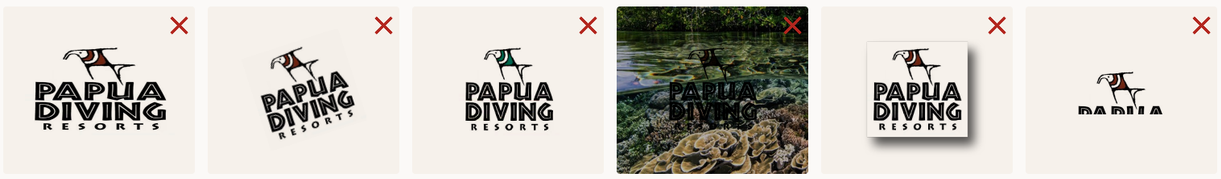

Natural Linen holding shape

On dark or photographic surfaces the logo sits on a **#F6F1EB** badge with padding of at least ½ bird height. The logo is never reversed to white and never placed directly on a photograph.

LOGO MISUSE

Six things we never do

Do not stretch or squash. Do not rotate or tilt. Do not recolour the glyph. Do not place on photos without the holding shape. Do not add shadows or effects. Do not crop or separate the bird from the wordmark.

Keep text clear

Never run a motif behind body copy; keep 1× bird height of space.

PHOTOGRAPHY DIRECTION

Reef, bungalow, people: always warm, always real

Underwater biodiversity

- Split-level and wide reef scenes with natural light
- Healthy coral and fish life; no gloves, no touching
- Keep the teal of the water; do not over-saturate

Overwater and cedar bungalows

- Timber, netting and linen in soft daylight
- Show the veranda, the water and the jetty together
- Straight verticals; no wide-angle distortion

Golden-hour Papuan hospitality

- Local people first, caught in genuine moments
- Low warm light, early morning or late afternoon
- Eye level, natural expressions; no staged poses

COLOUR GRADING & FRAMING

Temperature +4 to +8, warm

Highlights −10, keep sand soft

Shadows +8, no crushed blacks
